4 Certifications

1 Certification

1 New contract signed (duty of care)

1st Certification obtained for Novaxion

1st Ecovadis Bronzed Medal

In August 2024, Rondot Group earned a Bronze Medal in its first EcoVadis assessment, placing us among the top 12% of companies in the special-purpose machinery manufacturing sector. This recognition highlights our commitment to sustainable business practices, with outstanding performance in sustainable procurement (top 3%), strong environmental stewardship (top 28%), and high ethical standards (top 23%).

To further improve, we are strengthening our Environmental and Ethics policies, refining target setting and reporting through a sustainability dashboard, and enhancing data collection across all entities. These initiatives align with our ambition to achieve a higher rating in 2025 and reinforce our role as a sustainability leader in the industry.
